ORDER

Sub: Number of copies of the petition to be filed by the petitioner in the Commission.

Regulation 10.2 of CSERC (Conduct of Business) Regulations, 2004 provides that the petition should be filed in six copies or in such number of copies as the Commission may direct and all such copies should be complete in all respects. As per the definition given in these regulations, a petition means and includes all petitions, applications, complaints, appeals, replies, rejoinder and supplementary pleadings. Thus, as per the regulations the reply, rejoinder and supplementary pleadings, if any, are also to be submitted by petitioner in six copies in the Commission.

The Commission has reviewed the matter and has directed that a petition may be submitted hereafter in four copies only instead of six copies, unless directed otherwise in any specific case.

By Order of the Commission

(N.K. Rupwani)
Secretary
